

CITROCASA
JUICERS + ORANGES

THE NEW CITROCASA

REVOLUTION ADVANCE

JUICE. TASTE. PERFECTION.

The CITROCASA REVOLUTION ADVANCE

sets new standards with innovative technology,
a striking design and with its unprecedented sleek line.

IT'S A
REVOLUTION

DOUBLE COVER

The removable back wall of the machine is the key component of the 2-Zone-Technology and guarantees maximum hygiene. It can be taken apart quickly and is easy to clean - all parts are dishwasher-safe!

APA - AUTOMATIC PRESS ADJUSTMENT

The pressing power is adapted to the respective peel thickness for maximum juice yield. The orange is juiced to the last drop and in a gentle manner. Juicy yields guaranteed!

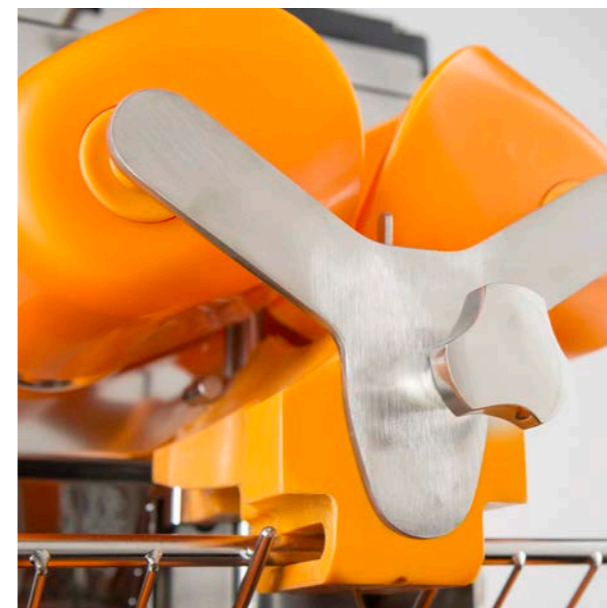

2 ZONE TECHNOLOGY

The Engine Zone

The engine components do not come into contact with fruit juice at any time during the juice pressing. That is why cleaning the ENGINE ZONE is not necessary.

The Food Zone

All parts which are involved in the juice pressing can be cleaned in a dishwasher. This ensures hygiene and saves a lot of time as well as costs.

CROSS HOLDER

This patented quick-release fastener can be fixed with only one screw and enables fast disassembly and cleaning of all machine components. The Cross Holder integrates the unique backwards peel ejector.

BEST
JUICE

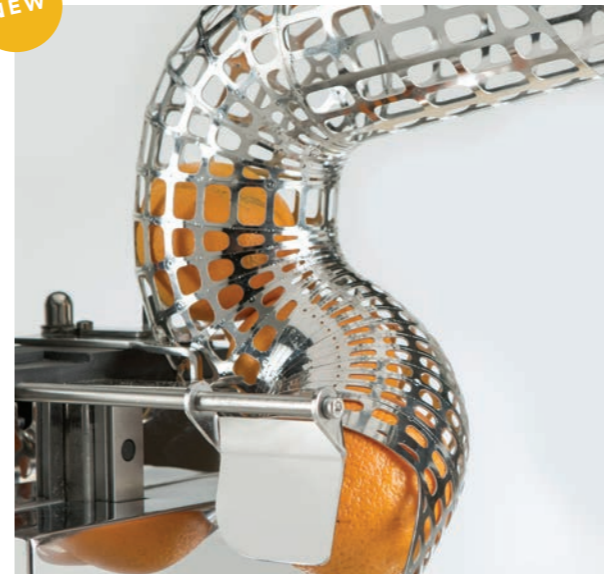

JUICE. TASTE. PERFECTION.

**ABSOLUTE TIME
& COST SAVINGS**

**ABSOLUTE
HYGIENE & SAFETY**

ADVANCED PRESSING
TECHNOLOGY

NEW

**FEEDER TUBE
& SHUTTER-SYSTEM**

A new inlet prevents oversized oranges getting into the pressing zone. The optimized shutter-system guarantees perfect orange feeding and increases stability. The combination of these two systems allows total control of the fruit feeding process.

NEW

PRESSING KIT

Complete fruit size flexibility is guaranteed within 65 mm-78 mm. Maximum juice yield is insured to the last drop!

NEW

SCS - SOFT-CUTTING-SYSTEM

Slicing instead of tearing: the precise cutting of the new knife guide prevents contamination of the juice with bitter substances and essential oils. Best juice quality guaranteed!

PURE
TASTE

FROM 0 TO 1 LITER
IN 60 SECONDS

oranges per minute
15 Oranges

optimal fruit size
65-78 mm

measurement (H x W x D)
77 x 24 x 51.2 cm

net weight
43 Kg

SUPPLY TUNNEL CAPACITY

5 - 6 oranges

SAFETY

Quadruple sensor with engine overheating
& blockage protection

DISPLAY FUNCTIONS

Self-service mode by pressing the tap
Intelligent stop with full peel waste container
Continuous mode for pressing large quantities

POWER

280 W

OPTIONAL
ACCESSORIES

FRUIT SUPPLY BASKET

With the optional fruit supply basket, you and your guests always have oranges within reach, but without taking up additional counter space. Capacity: approx. 10 kg

COUNTERTOP INSTALLATION KIT

With the Countertop Installation Kit you can very easily integrate the juicer into your counter. For this purpose the counter surface has to be perforated so that the peels can fall into the peel waste container underneath.

TOTAL
PERFECTION

Champagne		Wein	
Ayala Brut	€ 7,49	Grüner Veltliner, Hirsch	€ 4,50
